TRAILER PLUGS AND SOCKETS - 9 Pin

The unique 9 Pin Trailer Plugs & Sockets feature a built-in 50 Amp Connector with a 7 Pin Trailer Connection. This eliminates the need for extra plugs & sockets by keeping it in a single compact unit.

The 9 Pin Trailer Plug & Socket is perfect for providing power to fridges and other appliances from your vehicle or caravan when requiring a 50 Amp power connection, as well as running power to your trailer lights from your vehicle.

There is no crimping or soldering required with the 9 Pin Trailer Plug or Socket unlike other similar 50 Amp connectors on the market. The 9 Pin Trailer Plug and Socket allow cable to be secured using screws and a Phillips head screw driver. Refer to wiring diagrams on page 69.

Model No. KT943 (Retail Blister)
