DIGITAL MULTIMETER**

**RRP
\$65.00**

MODEL NO. KTVC17B

Introducing the new KT Auto-Ranging Digital Multimeter (Model No. KTVC17B). This product is a battery-powered, true-rms, auto-ranging digital multimeter with a 6000 counts, LCD display and backlight.

The KT Auto-Ranging Digital Multimeter is ideal for automotive workshop & electrical applications including battery & solar panel testing, measuring AC/DC voltage, current, resistance, capacitance & more!

FEATURES:

- Ideal for automotive workshop applications
- Ideal for electrical applications including battery & solar panel testing
- Measures AC/DC voltage & current
- Measures resistance, capacitance & more!

** Batteries not included*

**BATTERY
POWERED**

**TRUE
RMS**

**SUITABLE
FOR AC/DC**

**6000
COUNTS**

**BACK-LIT
LCD DISPLAY**
